

Make the most out of your stay at RheinAhrCampus

Contact / Information

Exchange, Explore, Experience RheinAhrCampus

Spending a semester with us at RheinAhrCampus in Germany is an adventure that will make a difference to your life.

As you experience a new learning environment and a new culture, you will grow personally as well as professionally. Learning a new language or improving existing language skills challenges your mind and opens up new ways of looking at things.

We have years of experience hosting exchange students from our partner universities, so we know how to help you adapt to life at RheinAhr

Campus, to settle in, and to enjoy the semester.

Once you have been nominated by your home university, we will keep in touch with you and guide you through every step of your pre-arrival process, including the submission of your registration documents, your course choices and the organization of your arrival in Remagen.

When you arrive, we will ensure that you find your way around campus and make the most out of your stay in Germany, as you embark on your unique journey at RheinAhrCampus.

- ▶ be more than just a face in the crowd
- ▶ study in small, cooperative groups
- ▶ attend innovative programmes with interesting specializations
- ▶ take part in exciting international projects
- ▶ develop an understanding of other cultures
- ▶ do a part-time academic internship

RheinAhrCampus is a friendly and welcoming campus with nearly 3000 students. It was established in Remagen in 1998 by the Koblenz University of Applied Sciences to offer a variety of new degree programmes in the areas of Business & Social Sciences and Mathematics & Technology. Since then, the campus has grown steadily, while remaining

true to its original aim of providing first-class education in an innovative environment. We believe in training our students for their professional lives, and therefore integrate practice and theory in classes. Role-plays and simulations form a major part of our teaching philosophy at RheinAhrCampus, where lecturers and students see each other as partners.
